

Question: How can I print a Delta Report showing the most recent action on an award?

Answer:

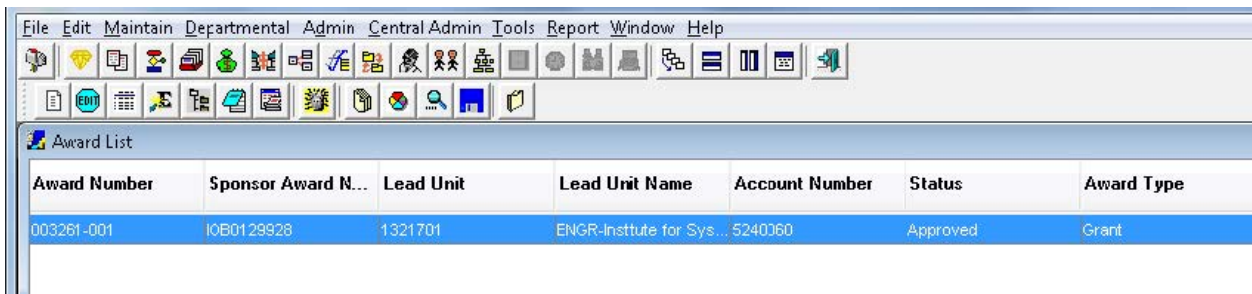

1. Log in to Coeus and open the Award Module.

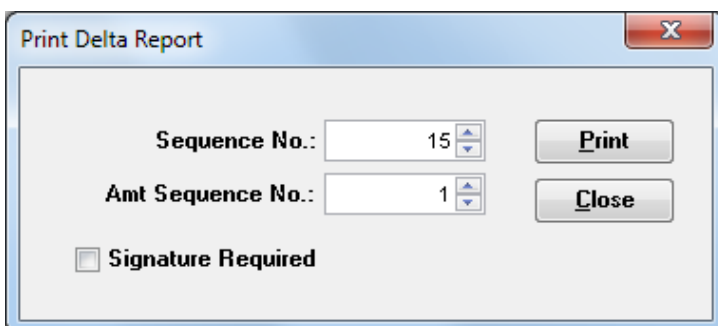

2. Search for the award by KFS account number, or by whatever information you have.

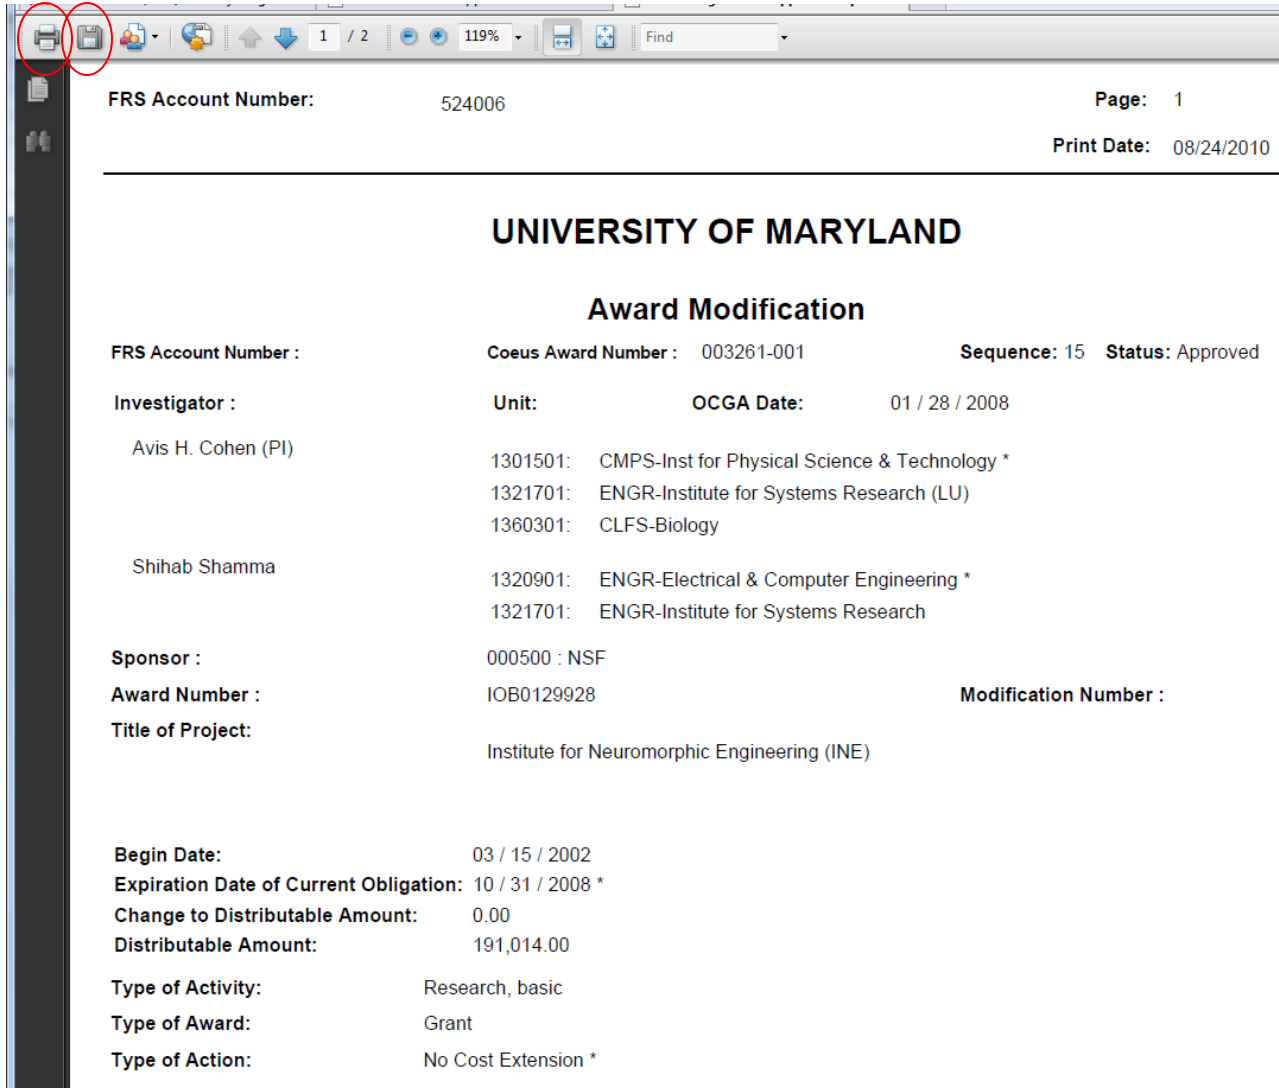

3. Open the award by double clicking on it in the Search results window.

4. Go to File -> Print Delta Report. You can print the Delta Report for the most recent award action by clicking Print. You can also print a Delta Report for a past sequence by selecting the Sequence Number. **Note:** The Amt Sequence No. field should always be set to "1".

5. A pdf will be generated and will open in your default web browser. You may either Save it to your computer or Print it out.
