

Question: How can I determine the Proposals and Subcontracts associated with a particular award?

Answer:

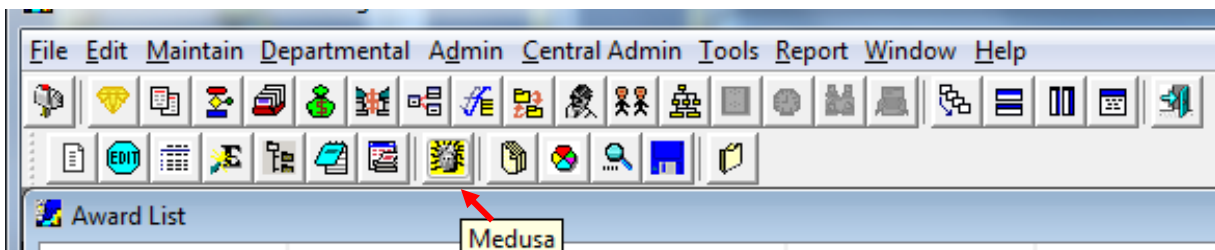

Use the Medusa tool to see the relationships between Proposals, Awards, and Subcontracts.

First, Search for the award. Highlight the award in the list. You can open the award by double-clicking, but this isn't necessary to use Medusa.

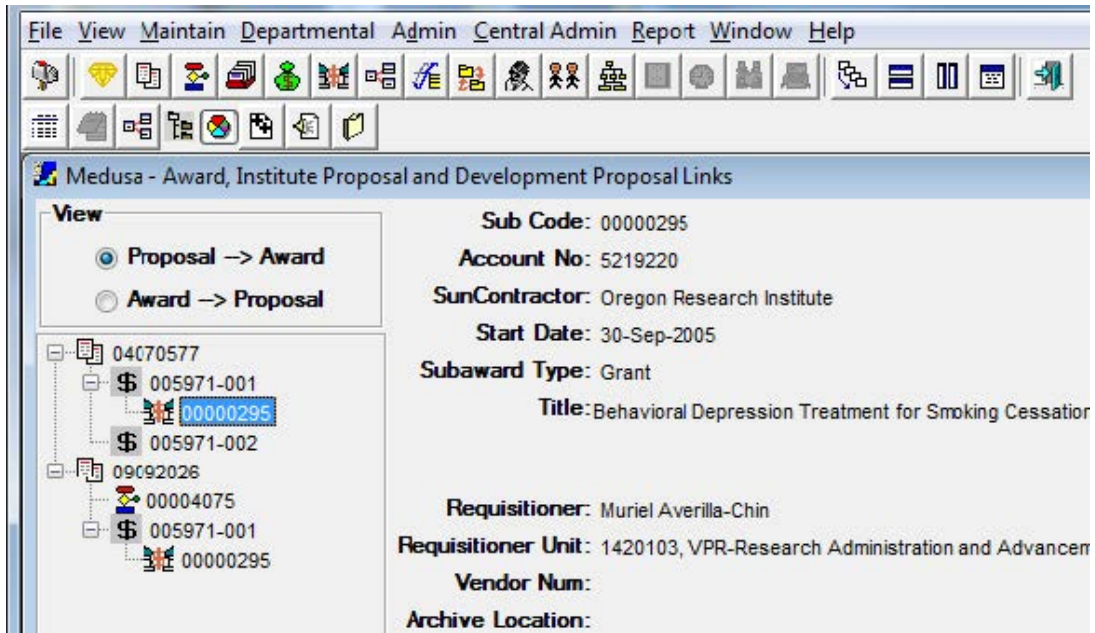

Award Number	Sponsor Award N...	Lead Unit	Lead Unit Name	Account Number	Status	Award Type	Title

Next, click on the Medusa button on the second toolbar. This is the button that looks like a woman with snakes for hair!

A new window will open. On the left side of the window, all related proposals and Subcontracts (and even related awards like child accounts) are listed.

You can navigate to any Proposal or Subcontract by clicking on it. Then, click on the details button on the second toolbar.

A new window will open displaying the record you chose. In fact, Medusa is a quick way to navigate between different Modules in Coeus.
