Kuali Research: Approver Guide

Kuali Research Help Contact: kr-help@umd.edu
Last updated: 10/30/17
Locating a Routed Proposal

As an Approver, you may open the proposals you need to approve in two ways. You may reference the email notification you receive or you can use your Action List in Kuali Research.

Method #1 - Open Proposal by Email Notification

You will receive an email from “kr-actionlist@umd.edu” with a subject of Action List Reminder. In the email, copy and paste to the link under [To respond to this eDoc] to a web browser.

To respond to the eDoc:

Or you may access the eDoc from your Action List:

Go to https://kuali-sbx.umd.edu/res/View?ActionList.do, and then click on the number Document ID: 2222495 in the first column of the List.

To view the route log of this document:

Go to https://kuali-sbx.umd.edu/res/View/RouteLog.do?documentId=2222495

To change how these email notifications are sent (daily, weekly or none):

Go to https://kuali-sbx.umd.edu/res/View/Preferences.do

For additional help, email <mailto:kr-actionlist@umd.edu>

Action item sent to kflick

This link will open the proposal on the Summary/Submit Section of the proposal.

Method #2 - Open Proposal from Action List

Click [Action List] on the top Menu

Primary Approver or Secondary Approver

If you are the Primary Approver or a Secondary Approver, you will see proposals in your action list for you to approve. These proposal will have a Route Status of “ENROUTE” and Action Requested of “APPROVE”. To approve the proposal, click on the ID link, and the proposal will be opened on the Summary/Submit page.

You may optionally click the “show” button to view a limited summary of the proposal.
NOTE: For CICs and ORA Approvals
If you do not see the proposal you are expecting to see in your Action List, then check to see if you have a Secondary Delegations dropdown. If you don’t have the dropdown visible, then the following section does not apply to you. Typically this will apply only to CICS proposals or ORA Approvers.

Click on the “All Secondary Delegations” dropdown list first to view all proposals you are a backup for.

The list will be refreshed and show only proposals you are a secondary (backup) approver on. These proposals will have a Route Status of “ENROUTE”, Action Requested of “APPROVE”, and show the Delegator (Primary Approver) of the proposal. NOTE: You may optionally filter the secondary delegations list by individual Primary Approver by clicking on their name in the dropdown list.

Reviewing the Proposal
Once you’ve opened the proposal, the Summary/Submit Section allows you to easily view most details of the proposal all within the same section.

Submit

Proposal Summary Tab: Basic proposal details (Title, PI, Lead Unit, Prop #, Dates, Sub?, Sponsor, Deadline)
Personnel Tab: All personnel listed on the project and the their certification answers
Credit Allocation Tab: DRIF/Credit Split allocation
Compliance Tab: All Special Review items that apply to this proposal
Attachments Tab: All Proposal, Personnel, and Internal attachments are available to be viewed
Questionnaires Tab: All questionnaire questions and answers
Supplemental Info Tab: Info such as Admin Costs, IDC Rate, Type, & Reason, Sponsor & Budget Contacts.
Keywords Tab: UMD does not use
Budget Summary Tab: Displays budget details by period and totals, personnel and non-personnel costs.
Approving the Proposal

Once you’re ready to approve the proposal, click the [Approve] button at the bottom of the Summary/Submit page.

![Proposal Summary Image]

Approving at more than one stop

If you are an approver at more than one stop, you will need to either search for the proposal again under Unit > Proposal Development or return to the Action List and click on the action list item again. Note: if you are the Primary or Secondary Approver, you may need to adjust the drop down list to see the Doc ID in the list.

Proposal Return

If you spot any problems and would like to “Return” the proposal back to the Aggregator for correction, you may click on the [Return] button. This will take the proposal out of the routing process to be corrected and will need to be resubmitted by the aggregator to repeat the approval routing process. You may alternatively contact the aggregator outside of Kuali Research directly if you wish to report an issue.

![Return Button Image]

Click [Return] at the bottom of the page
You must enter a Return Reason, which will be shown as an annotation on the route log.
Viewing the Approval Status

If you wish to see who has approved a proposal or review where the proposal is in the routing process, you may click on the Summary/Submit section of the proposal and then click on the [View Route Log] button at the bottom.

Once the Route log is open, view the Pending Action Requests panel. This panel shows each approval stop that the proposal must fulfill, in order from top to bottom, before being submitted to the sponsor. Any actions already taken in the approval process will be shown in the Actions Taken panel.

NOTE: The route log is made up of 4 different panels.

- **ID:** General Information on the Proposal
- **Actions Taken:** Shows what actions have already taken place in the approval process
- **Pending Action Requests:** Shows remaining actions left in the approval process
- **Future Action Requests:** If currently in the approval process this will be blank. This shows what actions will take place prior to routing.
**KR Notification Emails**

KR Notification Emails all come from **kr-actionlist@umd.edu**
